

Accora Ltd Senior Leadership Team is committed to minimising the environmental impacts of our business operations and maintaining the company's resilience to environmental risks and impacts.

Through our design, third party manufacture, sales, service and distribution activities of healthcare products, Accora UK Ltd is mindful of our potential impact on the environment.

To achieve this, Accora will:

- Minimise waste by reduction, re-use and recycling methods.
- Consider the impact of our choices on the environment when designing and manufacturing our products.
- Be committed to the protection of the environment including prevention of pollution.
- Agree environmental objectives and devise meaningful measures and targets to improve the aspects and impacts.
- Regularly track, analyse and review measurements and monitor them against agreed targets.
- Fulfil our compliance obligations including relevant environmental legislation / regulation.
- Be committed to continual improvement in our environmental performance, through the implementation of our Environmental Management System (EMS) and objectives.
- Continue to improve our Company's environmental performance.

To meet our commitments, Accora will:

- Provide appropriate resources to meet the commitments of this policy.
- Identify and provide appropriate training, advice and information for staff and encourage them to develop new ideas and initiatives.
- Monitor key objectives and targets for managing our environmental performance at least annually.
- Maximise the life span of our products through our manufacturing choices.
- Design for recycling / disposal of products into our manufacturing choices.
- Minimise and effectively manage waste.
- Review our environmental policy at least annually.

This policy is available internally on our intranet site and externally on our website. All Accora staff members are trained on this policy.
